

# Harford County Homeless Point-In-Time Count

The Department of Community Services conducts an annual point-in-time count to capture the number of homeless individuals found on the street or at a shelter on a single night in January. Note that although the number of homeless counted has been rising, this may be due to a greater number of organizations participating in the homeless count.

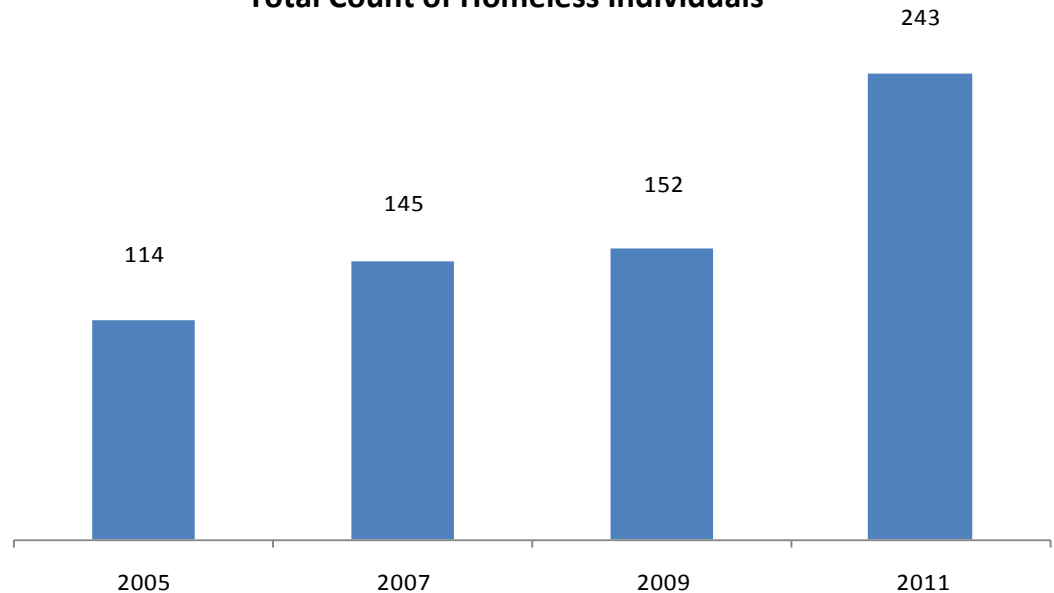

## Demographics of homeless individuals, 2011

<u>Gender</u>	<u>Count</u>	<u>%</u>
